KALAMAZOO/BATTLE CREEK INTERNATIONAL AIRPORT FISCAL YEAR 2014-2016 Overall Goal

for the Airport Concessions Disadvantaged Business Enterprise (ACDBE) Program

Pursuant to the U.S. Department of Transportation Regulation at 49 CFR 26.45 titled, "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs," the Kalamazoo/Battle Creek International Airport announces its overall goals for its ACDBE Program for Fiscal Years (FY) 2014-2016.

The Kalamazoo/Battle Creek International Airport proposes the adoption of an overall ACDBE goal of 0.00% for FY 2014-2016. Census data available for the geographic market area for non-car rental and car rental concessions of Calhoun, Kalamazoo and Van Buren Counties, indicates that there currently are no Certified ACDBE's within our service area. Also, no ACDBE's have expressed interest. No known potential opportunities are anticipated during the 2014-2016 goal period.

The proposed 0.00% goal will be available for review and comment at the Airport's Administration office on Friday, November 15, 2013 at 10:00 a.m.

The goal setting process that has been utilized by the Kalamazoo/Battle Creek International Airport to establish its annual overall goal provides an opportunity to consult with minority, women's and general contractor groups, community organizations, and other officials or organizations which could be expected to have information concerning the availability of ACDBEs and non-ACDBEs. The Kalamazoo/Battle Creek seeks to establish a level playing field for the participation of ACDBEs within the Kalamazoo/Battle Creek International Airport geographic market area of Calhoun, Kalamazoo and Van Buren counties.

Comments or requests for information regarding how this goal was established may be submitted until noon on Friday, November 15, 2013 to:
